

NEW

U-**L**TIMATE™ BLADE

ASGCO is proud to announce our newest U-ltimate replacement blade to fit your OEM piece of equipment. These blades are 100% interchangeable with existing Flexco® Belle Banne® style replacement blades.

ASGCO's "U-ltimate" Blades are produced using high grade Tungsten Carbide tiles brazed to metal plates which are then encased in ASGCO-thane to form a modular cartridge cleaner that is interchangeable with existing Belle Banne® U-style cleaners.

- Tungsten Carbide tiles are 1mm thicker than OEM equipment providing longer tip life and less aggressive to belt top covers.
- The thicker tungsten tile also provides greater impact protection.
- ASGCO-thane Cartridge body provides better bond strength to metal components providing higher protection and support.
- ASGCO's "U-ltimate" blade offers significant advantages over the less quality product by the OEM.

| Belt Width | Part Number |
|-------------------|--------------------|
| 18" | ASG-BLD-SUTC-18A |
| 24" | ASG-BLD-SUTC-24A |
| 30" | ASG-BLD-SUTC-30A |
| 36" | ASG-BLD-SUTC-36A |
| 42" | ASG-BLD-SUTC-42A |
| 48" | ASG-BLD-SUTC-48A |
| 54" | ASG-BLD-SUTC-54A |
| 60" | ASG-BLD-SUTC-60A |
| 72" | ASG-BLD-SUTC-72A |
