## **Announcing ASGCO®’s Newest Installation Video – The Tru-Trainer® Dual Return Tracking Idler**

Allentown, PA: ASGCO® “Complete Conveyor Solutions” is proud to announce the latest installment in a series of videos that make installation easier than ever! The Tru-Trainer® Dual Return video uses the latest in computer rendered modeling to clearly explain all of the necessary steps to install and calibrate the Tru-Trainer® Dual Return tracking idlers.

With easy to understand, on-screen and audio cues, customers can quickly identify the optimal locations for installation, as well as step-by-step procedures for removing existing idlers and replacing with the Dual Return.

In addition, expert advice is provided to explain the best tensioning practices to ensure the Tru-Trainer® Dual Return idlers keep belts centered and loads evenly distributed.

“We strive to provide not only the best products in the industry, but also the best training with our on-site ACT™ classes and field training. Now we can provide the best installation videos for our most popular products to ensure they get the highest performance. The addition of installation videos like the one for the Tru-Trainer® Dual Return Idler, and other select products, is a big value and something unmatched in the industry,” said Aaron Gibbs, third generation President of ASGCO®. “We know these installation videos are very popular and extremely helpful to our customers.”
