ASGCO®'s New Retractable Razor-Back® Allows For Safe Access and Service From Outside the Chute!

Allentown, PA.: ASGCO® "Complete Conveyor Solutions" is proud to announce the introduction of our Retractable Razor-Back® System with Split Block Spring-Shoc™. ASGCO®'s innovative, patent pending design prevents the dangers of working inside the conveyor or breaking the plane of the conveyor, keeping workers out of harm's way. This greatly reduces downtime and eliminates the need for confined space permits. Our engineering department has listened to the feedback from our customers and has delivered a product with all of the cleaning efficiency of our patented Razor-Back® cleaners, while allowing for safe, access and ease of maintenance.

Features & Benefits:

Long Wearing Abrasion Resistant – tungsten carbide blades provide and maintain a great cleaning edge against the conveyor belt.

Quick-Change – slide-out mounting system allows for simple removal of the cartridge from one side of the conveyor system, without having to break the plane of the conveyor structure, or having to remove mounting brackets or the main mounting tube.

Impact Absorbing Tension Cushions – tension each individual blade to the belt for a controlled and effective conveyor belt cleaning across the entire width of the belt.

Compact Design – allows for an installation requiring less than 9" of installation and maintenance clearance.

Tensioner Adjustments – can be made from side of operation

Total Satisfaction Guarantee (TSG) – ASGCO®'s unmatched customer service policy ensures your satisfaction.

Applications: Ideal for Coal Fired Power Plants, Hard Rock Mining, Steel Mills, Iron Ore, Aggregate and Mineral (Phosphate, Potash, Salt) Mining.
