

ASGCO® – Complete Conveyor Solutions  
For Immediate Release  
November 7, 2012

## **ASGCO® Armorite® Wear Liners - Protection for Extreme Conditions!**

Allentown, PA.: ASGCO® “Complete Conveyor Solution’s” announces our new wear liner, Armorite®. These wear liners are designed to be an integral part of any bulk handling conveyor system. ASGCO® manufactures a variety of Armorite® Wear Liners with many options and sizes to choose from, anywhere from smooth to chocky bar style. These wear liners are made out of abrasion resistant, modular, high-wear material, designed to handle any tough hard rock mining application, and can be used to line belts, feeders, grizzly’s, chutes, and bin impact areas.

Armorite® is a combination of high chromium and molybdenum white iron, metallurgically bonded to a mild, thick steel plate that provides maximum protection in high wear areas. It has a mild steel backing that cushions the white iron, enabling it to withstand impact and it’s easily weldable with minimal preparation. These wear liners have proved successful in iron ore, copper / gold mining and other types of metal and other hard rock mining applications.

### **Features & Benefits:**

- White Iron: Modified AS2027 15/3 Cr Mo
- Vacuumed brazed and liquid nitrogen cooled to achieve a high strength joint
- Mild steel backing offers strength, machinability and impact resistance
- ***Guaranteed to last 5-6 times longer than AR500!***

### **About ASGCO®**

ASGCO® “Complete Conveyor Solutions” founded in 1971 and headquartered in Allentown, PA is a leading manufacturer, distributor and service provider of proprietary conveyor and screening equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The growth of the company, over the years, is due to recognized improvements in the efficiency, safety and productivity of our customers operations. At ASGCO® we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
