

ASGCO® – Complete Conveyor Solutions  
For Immediate Release  
December 12, 2013

## **ASGCO® Introduces a “Complete Conveyor Solution” for Bulk Material Handling**

Allentown, PA.: ASGCO® “Complete Conveyor Solutions” now offers the world’s first advanced containment and dust control solution for conveyed bulk material products. ASGCO®’s Pro-Zone™ is a patent pending modular conveyor belt load-zone system that optimizes the seal for air/dust tightness on the receiving conveyor belt. This “skirt-less” fully self-contained system is comprised of our Slide-N-Roll™ beds with our removable “slide-out” designed UHMW and steel side supports and easy to remove center rolls. Side guards, internal splash sealing system, dust curtains and angled hoods (aluminum or steel) completely enclose the entire system.

### **Features & Benefits:**

- **Increased Productivity** – and longer conveyor belt life because the completely sealed load zone helps eliminate material turbulence and conveyor belt cover abrasion.
- **Lower Maintenance Costs** – by having a “skirt-less”, fully contained system that needs no adjustments of metal skirt-boards or rubber skirting adjustments.
- **Modular Design** - can be installed in any combination of 4’ (1200mm) or 5’ (1500mm) lengths to completely cover load zone area. Quickly removable dust hoods, slide-out side sections and removable center rolls aid in the installation and maintenance of the system.
- **Made in the USA** - completely engineered, designed, fabricated and stocked in the USA.

### **About ASGCO®**

ASGCO® “Complete Conveyor Solutions” founded in 1971 and headquartered in Allentown, PA is a leading manufacturer, distributor and service provider of proprietary conveyor and screening equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The growth of the company, over the years, is due to recognized improvements in the efficiency, safety and productivity of our customers operations. At ASGCO® we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
