For Immediate Release
February 11, 2016

ASGCO® Announces Our Quarry Duty Impact Beds For Protecting Conveyor Belts and Controlling Spillage in the Toughest Environments!

Allentown, PA.: ASGCO® “Complete Conveyor Solutions” is proud to announce the introduction of our new Quarry Duty Impact Beds. The harsh demands of the quarry and aggregate industry can cause serious damage to conveyor systems. To prevent abusive material and conditions from hindering the productivity of quarry operations, ASGCO® has developed the new Quarry Duty Impact Beds. Featuring robust powder coated steel supports and impact-absorbing rails, the Quarry Duty Impact Bed will withstand the most extreme abuse and keep operations moving.

Available in several configurations, ASGCO®’s Quarry Duty Impact Beds will also reduce spillage and control dust in the load zone by dampening impact. The efficient design can be easily and safely installed in virtually any load zone. Ideal for Aggregate Quarries, Cement, Wood Processing, Recycling and Mineral (Phosphate, Potash, Salt, Frac Sand) Mining.

Key Benefits:

- **Protects the Conveyor Belt** – The sturdy design for aggregate and quarry operations is able to take the impact of falling materials while maintaining an effective seal of the skirtboards.
- **Efficient and Safe** – Easy to install and service
- **Affordable Options** – Available in both Light Duty and Standard Duty; either 4’ or 5’ long beds.

Product Specifications and Guidelines:

- Maximum Belt Speed 800 FPM (4M/sec) / Max. Temperature Rating -40 F to 180 F (-40 C to 82 C)
- Impact Bar Material – UHMW Polyurethane, Rubber Cushion and aluminum extrusion
- Available for Belt Widths – 24” to 48” (600 to 1200mm)
- Impact Energy – Max. Lump Weight (lb) x Drop Height (ft.) Up to 250 lb-ft for QDLD and 250 to 750 lb-ft. for QDSD

About ASGCO®

ASGCO® “Complete Conveyor Solutions” founded in 1971 and headquartered in Allentown, PA is a leading manufacturer, distributor and service provider of proprietary conveyor and screening equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The growth of the company, over the years, is due to recognized improvements in the efficiency, safety and productivity of our customers operations. At ASGCO® we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
