## **ASGCO® Announces the New BC3 Safe Grip Conveyor Belt Clamp!**

Allentown, PA.: ASGCO® “Complete Conveyor Solution’s” unveils an additional new product to their line of Safe-Guard® safety conveyor products. Designed to secure the conveyor belt for safe repair, the BC3 (3 ton) Safe-Grip™ Conveyor Belt Clamps were created for maximum grip!

The new BC3 (3 Ton) model is available for conveyor belts up to 72" wide and up to .625" thick. It is primarily designed for use in light to medium duty applications, including aggregates, sand and gravel, recycling, pulp and paper, lumber processing, and warehousing and distribution centers.

Safe Grip™ Belt Clamps are constructed from high-grade steel and aluminum components that are light in weight, yet still rugged enough for the application. Its shock-absorbing end caps are designed to protect the bars from hammer use and drops. Engineered for tough conditions, Safe Grip™ Belt Clamps allow for a lasting gripping force that far exceed all competitive solutions.

### **About ASGCO®**

ASGCO® “Complete Conveyor Solutions” founded in 1971 and headquartered in Allentown, PA is a leading manufacturer, distributor, and service provider of proprietary conveyor and screening equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The growth of the company, over the years, is due to recognized improvements in the efficiency, safety and productivity of our customer’s operations. At ASGCO® we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
