

MAGNUM® RUBBER CUTTER

Cordless Precision Conveyor Belt Rubber Cutter

The **ASGCO® Magnum® Rubber Cutter** offers precision cutting for finger splices as well as the heavy-duty torque required to cut through multiply belts up to 2" (51 mm) thick. Excellent for slitting and finger cutting, this tool is capable of cutting all fabric plied rubber belting and sheeting.

Cordless Belt Cutter

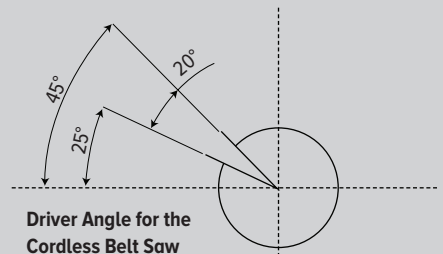

The Magnum® Belt Cutter cuts straight warp and plied conveyor belting as well as non-reinforced rubber. The base plate is designed to reduce drag on the rubber, rolls smoothly and easily across the work surface. All parts are machined from aircraft aluminum alloy and fit together eliminating welded parts and issues with bending and twisting or corrosion from the elements.

Features & Benefits

- Guard may be positioned by the operator's thumb during operation, and returns to closed position upon release
- Lightweight aircraft grade aluminum construction with machined parts
- Bearing wheels and ribbing on the frame for ease of glide
- Sharpen-able, replaceable, hardened 9" (229mm) D2 material blade
- Unit can be reversed in a binding situation
- Carrying case will fit the Magnum Rubber Cutter, spare blade, spare battery and charger
- Replacement blades are available

The guide ensures for precision cutting

Driver Angle for the Cordless Belt Saw

MAGNUM RUBBER CUTTER

Specifications

- Cordless Saw Dimensions:
L 20.5" x W 9.25" x H 16"
- Driver Angle for the
Cordless Belt Saw is 45°

Magnum Belt Cutter Kit and Spare Parts	
Part Number	Description
M-ASG-VC-MK10-RC-KT	Kit: Belt Cutter with Cordless 110v, Makita Driver, Travel Case, 2 Batteries and 110v battery charger
ASG-VC-MK10-BC	Spare: Battery Charger
ASG-VC-MK10-18V/5.0	Spare: Battery
ASG-VC-MK10-RB	Spare: Saw Blade
ASG-VC-MK10-HC	Rubber Cutter Hard Case
M-ASG-VC-MK10-BS-KT	Kit: Belt Skiver Cordless 18v, Case, 2 Batteries and 110 v Battery Charger
