

SAFE-GUARD® CONVEYOR FLAT GUARD

Modular Conveyor Flat Guard

The **Safe-Guard® Modular Conveyor Flat Guard** is a modular, powder coated, all steel guard that is typically mounted to the conveyor to guard against moving equipment and protect your workers from injury. They are pre-engineered panels that install easily and prevent workers from unauthorized access and keep workers from getting too close to moving parts and equipment.

- **Quick and Modular Set-Up**
 - Available in various standard and custom sizes.
 - Drop pins and wedge clamps holds the guard securely.
 - Guards come in two patterns, square and oval.
 - Mounting brackets, wedge clamps and wedge clips are sold separately.
 - Call for custom guards, floor posts and rail assemblies
- **Effective**
 - The steel Safe-Guard® Flat Guards are powder coated in safety yellow for high visibility.
 - Designed for use on multiple safety locations.
 - Keeps workers away from moving parts and pinch points.
- **Regulation**

The installation of safety-oriented products can help create a safer plant that is easier to service and maintain. See OSHA and MSHA guidelines for safety compliance.
- **Compliant**
 - Meets MSHA, OSHA, and Canadian Safety Standards.
