

# E-Z MOUNT®

## Conveyor Skirtboard Sealing System

**E-Z Mount®** dust sealing and containment skirting system provides an effective and economical solution to prevent dust and material from escaping the conveyor load zone. E-Z Mount® is a simple snap in place skirting system that can be installed quickly and easily into most conveyor systems.

### Prevent Dust and Material Escaping the Conveyor Load Zone

- **Simple and Effective** – solution to help eliminate dust and material losses in the load zone.
- **Abrasion Resistant** – 60 durometer rubber compound is used to apply minimal pressure to the conveyor belts surface to create a great seal.
- **Solid Framework** – using solid galvanized steel mounting rails that get welded to the side of the chute provides the framework to snap the E-Z Mount® into place. Easy to install and maintain.

| E-Z Mount® Channel System |                |            |       |
|---------------------------|----------------|------------|-------|
| Part Number               | Description    | Thick-ness | Width |
| AEM-EZM-0958-SCH-1        | Single Channel | 3/8        | 8     |
| AEM-EZM-0958-SCH-2        | Double Channel | 3/8        | 8     |
| AEM-EZM-0958-S            | Rubber Only    | 3/8        | 8     |
