ASGCO® – “Complete Conveyor Solutions”  
For Immediate Release  
March 12<sup>th</sup>, 2026

## **ASGCO® Expands Belt Lifter Product Line with New 48" to 72" Model**

Nazareth, PA.: ASGCO® “Complete Conveyor Solutions” is proud to announce the expansion of its Belt Lifter product line with the introduction of a new 48" to 72" model, designed to accommodate wider belt widths and meet the growing demands of heavy-duty conveyor maintenance applications.

**The New Belt Lifter Model** is designed to safely raise conveyor belts ranging from 48 to 72 inches (1200 to 1800 mm). Built with the rugged durability and precision engineering customers rely on, this model provides maintenance teams with a dependable solution for safer belt service and component replacement on larger conveyor systems.

Engineered for strength and stability, the unit accommodates a minimum stringer width of 56.50 inches (1435 mm) and a maximum stringer width of 86.50 inches (2197 mm). It weighs 104.00 lb (47.2 kg) and features a closed height of 8.50 inches (216 mm) with a maximum lift height of 19.00 inches (482 mm). Its compact yet robust frame design allows for secure positioning and consistent performance in demanding industrial environments.

ASGCO® Belt Lifters enhance workplace safety by securely elevating the belt, giving maintenance personnel safer access to idlers, rollers, and other conveyor components. The larger belt lifter expands service capabilities for operations in mining, aggregate, cement, and bulk material handling applications.

### **About ASGCO®**

ASGCO® “Complete Conveyor Solutions,” founded in 1971 and headquartered in Nazareth, PA is a leading manufacturer, distributor, and service provider of proprietary conveyor equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The growth of the company over the years is due to recognized improvements in the efficiency, safety, and productivity of our customers’ operations. At ASGCO®, we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
