ASGCO® – “Complete Conveyor Solutions”  
For Immediate Release  
April 6<sup>th</sup>, 2026

### **ASGCO® Introduces Grizzly® Screw-Splice with Straight-Warp Technology**

Nazareth, PA.: ASGCO® “Complete Conveyor Solutions” is proud to announce the release of its latest innovation, the Grizzly® Straight-Warp Screw-Splice. Designed to meet the demands of heavy-duty bulk material handling applications, this new splice delivers superior strength, durability, and performance in the most challenging operating environments.

**The Grizzly® “Straight-Warp” Screw-Splice** features a high-abrasion-resistant rubber compound, combined with a straight-warp carcass construction. This engineering advancement provides up to a **60% increase in breaking strength**, significantly enhancing splicing integrity and extending service life.

Built for reliability, the new mechanical splice is engineered to minimize downtime and maximize operational efficiency. Its rugged design ensures consistent performance in industries such as mining, aggregates, cement, and other heavy industrial applications where conveyor systems are critical to productivity. The Grizzly® Straight-Warp Screw-Splice represents a significant advancement in delivering stronger, longer-lasting splicing solutions for our customers. With this release, ASGCO® reinforces its commitment to providing engineered products that enhance safety, efficiency, and longevity across conveyor systems worldwide.

#### **About ASGCO®**

ASGCO® “Complete Conveyor Solutions,” founded in 1971 and headquartered in Nazareth, PA, is a leading manufacturer, distributor, and service provider of proprietary conveyor equipment and accessories that improve the safety and performance of bulk material handling systems.

ASGCO® is a diversified and innovative company with three major divisions that serve specific targets of the material handling industry. The company's growth over the years is attributed to recognized improvements in the efficiency, safety, and productivity of our customers' operations. At ASGCO®, we continue to strive to make the handling of bulk materials more efficient, safer, and more productive.
